

The kindergarten and first grade class project this year will be collecting items for the Ronald McDonald House in Mobile, Alabama. The Ronald McDonald House Charities provide a supportive home environment offering care, compassion, and hope to families with seriously ill children. We will be collecting the following items through the entire month of February. Students may place items in the boxes located in the main hall or outside of the kindergarten classrooms. The last day to turn in items will be Tuesday, March 27, 2018.
